FEBRUARY 14, 2017 TUESDAY 12:00 P.M. VOL. 78 NO. 20

THIS TUESDAY

We will be dark this Tuesday in favor of having our annual Valentines Sweetheart Dinner on **Wednesday** evening at The Old Spaghetti Factory. Social at 6, Dinner at 7. Call Steve Montesanti if you did not sign up.

LAST TUESDAY

Sue Matchett was our speaker for the day and she did not disappoint. She told of the Atomic Second which I must admit I wasted 300 seconds hearing about it.

The thing that really intrigued us was when Sue began ticking off the things that were around in 1916 and how much they cost.

What a difference a century makes: The average life expectancy for men was 47, fuel for cars was sold in drug stores, only 8% of homes has a phone, the maximum speed limit was 10 mph, the average was 22 cents per hour, the average US worker made between \$200 and \$400 per year, there were 230 murders in the entire USA, more than 95% of births took place at home, 90% of doctors had no college education, the American Flag had 45 stars, most women only washed their hair once a month, Thank you that we are living in 2017!!!

Sadly, I report that Honorary Member Frances Scorsone lost her husband Frank to a stroke he suffered last Saturday. He passed away Wednesday morning at 11:30 a.m.. Our heartfelt condolences go out to the Scorsone and Arrighi families.

STUDENTS OF THE MONTH

We welcomed two outstanding students the Temple City High School and two from Cloverly Elementary School. Accompanying the students was TCHS Vice Principal Mr. Aaron Chang and Cloverly teacher Ms. Lynn Tenney.

Pamela is 17 years old and has as her Guidance Counselor, Mr.

Cary Smith. She enjoys watching Korean dramas, walking her pets, drawing, reading, and listening to music. Pamela said, "The best things about TCHS are the friendly, and understanding "staffulty", the diverse student population, and the various opportunities on campus." The best thing that ever happened was when she got her adorable poodle, Woody. Personal goals are to build an affordable machine that can reduce pollution, have good health, a happy positive attitude, get good grades and attend a good college.

Aaron is 17 years old and enjoys reading novels and fanfiction, playing the violin, and eating Ramen. Aaron said, "The best things about TCHS are having a competitive atmosphere, long lunches, and the opportunity to support The Rampage School Newspaper." The best thing that ever happened was when he was born. If he could have changed one thing, it would have been to be more bold and social during his freshman year. Personal goals are to build a dream machine that allows one to control your perception of dreams, get another physics bar, and to graduate from either Berkeley or UCLA.

Helen is 11 years old and in Mrs. Stoke's class. She has an older brother and enjoys drawing, arts and crafts, reading and decorating things. Helen said, "The best things about Cloverly are friends and teachers, the flowers on campus, and the fun classes." The best thing that ever happened was getting her first phone. If she could change one thing, it would be to have school supplies last longer and keep from breaking. If she could build one thing, it would be a free drawing center for kids to enjoy. Personal goals are to decorate her room the way she wants, to pass the pre-algebra test and get only A's on her assignments and tests.

Madison is 11 years old and in Ms. Tenney's class. She has a one-year-old brother and enjoys reading, writing, sketching, performing arts, movies, music, and complex series like Harry Potter and Star Wars. Madison said, "The best things about Cloverly are the teachers and staff, the positivity, and the great education." The best thing that ever happened was being born into an amazing, faithful, and caring family. If she could change one thing, it would be to stop poverty, and drug testing on animals. Personal goals are to build a Marine Biology Education and Protection Center, work even harder at school, get into a great college, and reach higher notes in singing.

BOARD OF DIRECTORS ACTION

In recent months we have had much discussion as to the difficulty of procuring program speakers. A decision was made that we would have programs on the first and third Tuesdays. On the second and fourth Tuesdays we will still meet for lunch, but it will be less formal. We will still have Students of the Month every Tuesday (except the fifth Tuesday). The non program meetings will be a time where you just might want to talk about your interest or hobbies. It has been very difficult for the VP to secure members to want to be the program chairman for the month. This new meeting format will begin on March 7.

Also, there are 4 Tuesdays in the year that fall on the 5th Tuesday of the month. This happens every 3 months. On that 5th Tuesday we will honor someone in our city that has been a positive force for good. We will honor that person with lunch, a certificate, and a \$50 gift card. Yours truly is in charge of this new program. Okay, I did my part for my 4 programs. Now it is your turn to step up.
