MARCH 22, 2016 TUESDAY 12:00 P.M. VOL. 77 NO. 26

THIS TUESDAY

Kim Bosell from the California Wildlife will speak to us about bears in Southern California. This should be very interesting if you went to Cal or UCLA.

LAST TUESDAY

We welcomed Guest of the Club Mike McVey, and Marie Leonard. The Rose Float Club was our program with guests Lt. Gov. Ernie Arnold, Dace Wallace, and Jan Robertson. The first Kiwanis Rose Float appeared in 1923 sponsored by the Pasadena Club. The next one appeared in 1965 for the Tournament's 50th Anniversary.

Many clubs in and out of our Division make this happen each year. International has committed to partial funding for 5 years with another 2 years remaining. It normally cost \$173,000 for a float. Because of all the help from Key Clubbers the cost is about \$65,000. This is made possible through Chris Lofthouse from Phoenix Floats. Our members even help build other floats such as Rotary. When you see the Rotary Float coming down Colorado, you can bet that Kiwanis helped build it.

Within Cal-Nev-Ha there are 42 Divisions, 500 Clubs providing the largest volunteer project in the world. Over 56,000 volunteer hours are provided including feeding all of them in shifts.

President Steve is forming the nominating committee for club officers for 2016-2017. Tony and Marlene Euredjian are celebrating their 16th wedding anniversary. Jerry Jambazian is celebrating 46 years in the club and a birthday this month.

God, in His providence decided to take a grand lady last Tuesday. Eva Ariighi passed away with a loving family by her side. She was a strong German lady that married an Italian, they immigrated to the San Gabriel Valley with their children, Franca and Dan. They ran a successful statutory business. Franca and Dan were always available caregivers along with grandchildren and great grandchildren. Eva was a parishioner at St Luke Catholic Church and was always making beautiful yarn creations that have benefited everyone from newborns to our troops overseas.

She was Temple City's Outstanding Senior Citizen in 2005 and also honored by Congressman Adam Schiff as an outstanding woman. She led a active life with the Historical Society, Blue Star Program, Camellia Festival, Pregnancy Help Center, and Woman's Club. She had an interesting sense of humor. I spent a great deal of time trying to get her to smile for a photograph. I was only successful when she was holding one of her great grandchildren such as Daniela. Donations may be made to St Jude's Children's Hospital. The City Council meeting was adjourned in her honor. She will be missed by all who knew her!!

STUDENTS OF THE MONTH

We welcomed two outstanding students from the Dr. Doug Sears Learning Center. Accompaning the happy students was their Principal Mr. Chris Sewell. Chris also invited us to their DDSLC Open House on Monday, April 11, 2016 from 6:00 to 7:00 p.m.. Student Recognition Awards begin at 6 p.m. along with free tacos. This should bring Jim Robuck around with his walker.

Ariel is 17 years old and in Mr. Raul Acevedo's class. She has three brothers and enjoys cooking, playing the drums, and doing things for her Huntington's Disease Community. Ariel said, "The best things about The Learning Center is that everyone is more close, and all the teachers take time to help you." The best thing that ever happened was going to the Huntington's Disease Camp. If she could change one thing, it would be to have a cure for all diseases. Personal goals are to build a place where there was less chemicals in everything and a well-put-together government, start her own HD chapter, attend a good culinary school, and get a good job

Simon is 17 years old and in Mr. Raul Acevedo's class. He enjoys playing Connect 4, listening to music, video editing, and drinking Lychee Red Tea. Simon said, "The best things about The Learning Center are I can almost know all the students in the school, and I get to play Hockey everyday in P.E." The best thing that ever happened being born. If he could change one thing it would be to go back to Oak Avenue and change his story. If he could build one thing it would be an umbrella to get in and out of the car with one hand. Personal goals are to learn to drive, learn a specific career, and get an education for the future.
